She dreams of a brighter future. She dreams of nutritious food to eat. She dreams of a chance to learn. She dreams of being a Little Dancer.

Children International supports children and youth for the first two decades of their lives providing a chance to set their sights high and achieve their dreams by ensuring they have access to the basic needs of health care, education, life skills, and so much more. When equipped to transform their own lives, young people also transform their families and communities, and, as a result, multiply good in the world.

By airing Children International's all new PSA, Little Dancer, you can help educate your audience on the life-changing services that Children International provides to children around the world.
