Did you know that 28 wheelchairs are damaged every day by airlines? That is like breaking the legs of 28 airline passengers each day!

Paralyzed Veterans of America believes that safe and accessible air travel is a basic right that should matter to everyone.

Paralyzed Veterans of America and Award-winning vocalist and multi-platinum selling artist Gary LeVox from Rascal Flatts are using their latest PSA, **Did You Know**, to shed light on the realities people with disabilities face while flying. From inaccessible restrooms to unsafe conditions, PVA is advocating for change for our nation's disabled heroes.

Join PVA and Gary LeVox by airing **Did You Know** in the fight for accessible air travel. Our nation's Veterans and all people with disabilities deserve to travel with dignity.
