

Everyone loves a champion—but not all champions wear medals or lift trophies. At the U.S. Center for SafeSport, we believe **We Are All Champions 2025** when we choose to stand up for athlete safety and well-being.

We Are All Champions 2025 is an inspiring PSA which highlights the Center's mission to build a sport culture where all athletes are safe, supported, and strengthened—on every field, court, and mat. With millions of trainings delivered to coaches, athletes, and sport professionals, the Center is leading the charge to prevent abuse by rethinking how we coach, train, and support athletes beyond the final whistle.

Help amplify this vital message by airing **We Are All Champions 2025** and join the movement to make abuse-free sport a reality.
