

There is endless hope and care to give, and **Mercy on a Mission** is a powerful testament to those who deliver both. Onboard floating hospitals, Mercy Ships volunteers deliver life-changing surgical care to regions with little to no access to medical services, transforming lives with compassion, expertise, and a steadfast commitment to the dignity of every individual.

This moving PSA captures the heart of a global movement—where moments of healing unfold in quiet courage and service becomes something greater than work. Driven by love and purpose, volunteers often say their days feel less like work and more like a calling. At its core, **Mercy on a Mission** is about human connection between those who give and those who receive. And in a world where 5 billion people lack access to safe surgery, that connection has never mattered more.

Air **Mercy on a Mission** to shine a light on this extraordinary journey—proving that when hope meets action, miracles happen.
