

children.org

Every child is on a journey, from their first steps of discovery to achieving their dreams as adults.

In a new PSA from Children International called **Join the Journey**, see how educational support, health care resources, life skills training, and employment opportunities empower children and youth to forge a path out of poverty. You will also see how Children International walks alongside children and youth every step of the way, providing the support and mindset they need to grow, thrive, and build a brighter future for themselves, their families, and communities.

Share **Join the Journey** with your viewers today and together, we can end poverty for good.
