

**1 in 700 babies are born with a cleft lip and/or palate.**

Underneath their smiles are real issues with long-term effects - difficulties eating, breathing, hearing, and speaking to name a few.

In a new PSA called **The Collective Smile**, see how Smile Train is helping by creating a wave of smiles. From educating and training medical professionals to speech therapy, nutrition services, and orthodontics - Smile Train will not stop until every child with a cleft has the access to the care they deserve.

Air **The Collective Smile** today to spread a smile and impact a child in your community.
